

The latest in hospitality Revenue Management, Distribution and Digital Marketing trends presented in Amsterdam 29–30 March

Europe's number one leading annual events for Revenue Management, Digital Marketing and Distribution for the hospitality industry is taking place in Amsterdam on Wednesday and Thursday 29–30 March, co-located with HITEC Amsterdam 2017 – and you are very welcome to attend.

“This is HSMIAI Region Europe's 7th Revenue Optimization Conference, with the added value of Digital and Distribution Optimization, held as a two-day event in Amsterdam's RAI Exhibition and Convention Centre,” says HSMIAI Region Europe President and CEO Ingunn Hofseth, who is pleased to welcome professionals of the entire industry, as they convene in Amsterdam on Wednesday 29 March.

Please visit hsmairoc.eu for further details.

“We hope to see as many of our esteemed colleagues as possible, for a day full of top experts and inspirational speakers, sharing their insights and tips on Revenue Optimization, Digital Marketing and Distribution. In the evening, find out who will get all the awards at the Awards Ceremony,” she says, with an added reminder that the following day's schedule contains so-called think tanks on Digital Marketing, Revenue Management, Distribution, Customer Loyalty & Relationship Management, Sales, and an introduction to HSMIAI
