Roundtable discussions – Session 1

Concurrent sessions held by specialists in their field.

1. Mobile Dynamics: optimising your website for mobile booking and marketing

Digitalisation has brought choice to consumers. Hoteliers have had to develop multi-channel distribution strategies. The biggest players have developed omni-channel strategies to ensure their customers enjoy a seamless and consistent experience whether they book online through mobile, tablet, desktop or offline in a store or over the phone. This interactive roundtable will explore more about how digital technology has changed the way hotel brands connect with guests through a 24/7 relationship both in and out of stay, and from finding a hotel, to checking in, during the stay and after departure.

Rich Tuckwell, VP of Sales and Marketing, Avvio

2. Channel Optimisation – Finding the right channel mix to drive future revenue.

Join us for a discussion on how to effectively optimise your channels to maximise revenue.

Thierry Collard, Business Development Manager Benelux & Nordic Countries, OTA Insight
